Recipe exercise / Rubric

FACET	NEEDS WORK	GOOD	EXCELLENT
HTML syntax	Missing opening/closing elements Deprecated elements Improper nesting	Correct use of spaces Balanced brackets Elements spelled correctly	Uses indentation and line breaks Provides comments
Required tags	Does not use required tags, or uses deprecated tags	Uses `h1`–`h6`, `p`, `li`, and `ul` or `ol`	Adds `em` or `strong`
HTML semantics	Use of elements solely because of the default appearance of that tag Uses empty tags or `br` to create space between elements	Elements describe meaning of text	—
CSS	Missing opening/closing brackets Errors in spacing Uses deprecated properties	Uses `font-size` Uses `margin` and `padding` Uses `color`	Uses indentation and line breaks Provides comments Uses `font-family`
Typography	Changes in text format do not clearly reflect differences in meaning	Text size and weight reflects structure and meaning	Also uses rules, spacing, or color
Layout	Text does not clearly flow in one column, or appears to occupy multiple columns side by side	Text falls within one column	One column, but margins/padding vary in width for effect
Attribution	Missing attributions or incomplete citations	Recipe, any borrowed code, and any borrowed images are cited	—
